

VALLEY DENTAL GROUP

Dear Valued Patient:

Due to changing insurance plans and policies, it is very difficult for our office to maintain all necessary information on each individual plan. We strive to do our best to work with your dental benefit company to assist you to achieve the best possible dental care you deserve. *However, it is your responsibility to know whether this office is in participation with your particular plan and program. Also, you should familiarize yourself with your dental benefit plan and ask any questions from either your dental benefit coordinator or your dental company.* We prepare all the necessary paperwork related to your benefit; however we do not represent your insurance carrier. We request some necessary information prior to your dental appointment to inquire about your benefit to correctly treatment plan your individual case.

Please understand that if we have not been advised in advance of your program's requirements, any changes or conditions and we provide a service that is outside of the program, you will be responsible for the appropriate fees.

If you have any further question regarding your insurance plan, please call the toll free number located on the back of your insurance card.

We appreciate your cooperation and thank you for understanding. We look forward to a long lasting relationship with you and your family at our office.
